KHADEMUL ISLAM

FULL STACK WEB DEVELOPER

ABOUT ME

I am a professional Full-Stack Web Developer skilled in both frontend and backend technologies. I specialize in building dynamic and user-friendly web applications using React, Next.js, Node.js, and Django. My experience includes working with databases like MongoDB, PostgreSQL, and MySQL and deploying applications on AWS, Vercel, and DigitalOcean. I focus on writing clean, maintainable code while ensuring performance, security, and scalability. With a problem-solving mindset, I continuously learn and adapt to new technologies and industry trends. I am eager to collaborate on innovative projects and contribute to building impactful digital solutions.

[Dreamland IT Institute, Dhaka](#)

EXPERIENCE

As a recent entrant to the field of development, I have garnered two year of experience in the Web Development field. Following the completion of my web design and development course, I dedicated my time to crafting 20 websites across 10 distinct categories for personal practice. With this valuable hands-on experience, I am prepared to undertake any project.
